- is for a period of 5 consecutive years, commencing from the date QCE was first incurred by the QC, which is determined by the Malaysian Industrial Development Authority (MIDA). For a QP under subpara. 4(2)(a) that date shall not be earlier than 1 January 2015 and (subject to this condition) not earlier than 3 years immediately preceding the date on which the application for exemption is received by MIDA. For a QP under subpara. 4(2)(b) the date shall not be earlier than the date the application is received by MIDA.
- is applicable to the following:
 - an application for exemption which is received by MIDA on or after 1 January 2015 but not later than 31 December 2017, which has been approved by the Minister;
 - a QC undertaking a QP
 - under para.4(2)(a), the QC has not undertaken a business of providing private healthcare services on the date the application for exemption is received by MIDA; or

- If an asset is used for the purpose of a QP as well as some other project, the Sch. 3 allowances that are due must be reasonably apportioned, having regard to the extent to which the asset is used for the purpose of the QP.
- A QP which is granted exemption under subpara. 4(1) of this Order is exempted from tax on an amount of SI equal to *the allowance referred to in subparagraph 4(1)* ("the exempt amount").
- If SI is insufficient (or nil) so that the exempt amount cannot be allowed in full (or cannot be allowed) the amount of exemption which cannot be granted for that YA shall be granted for the first subsequent YA for which the QP has SI, and for the subsequent year(s) until the full amount of exemption to which the QC is entitled to is granted.

6. Disposal of Asset

- If an asset on which QCE was incurred is disposed of within 5 years of the date of acquisition, the amount of exemption granted in respect of QCE incurred on that asset shall be withdrawn in the basis period for a YA in which the asset is disposed of.
- If the asset (in respect of which an exemption is applied by the QC under this Order) is disposed of to a related company (defined) by the QC, the QCE incurred by the related company is deemed to be zero. (Para. 7)
