1.	Tajuk : Exemption of Mandatory Standards on Imports of Iron and Steel for FZ and LMW Usul : FMM Isu : The Government had with effect from November 15, 2008, removed the import licenses for 57 tariffs codes and exempted the import duty for 54 tariffs codes of iron and steel products. However, the importation of 57 tariff codes of iron and steel products would now require a Certificate of Approval (CoA) issued by Construction Industry Development Board (CIDB) for construction sector and Standard and Industrial Research Institute of Malaysia (SIRIM) for non-construction sector. As part of its efforts to ensure that exports are not affected by the new ruling, the Ministry of International Trade and Industry had on December 30, 2008 agreed to provide exemption of the mandatory standards on iron and steel products imported by Free Zones (FZ) and Licensed Manufacturing Warehouses (LMW) which are 100 per cent for the export market. Cadangan FMM : Although the announcement was made in December 2008, to date LMW and FZ companies who export 100 per cent are still subject to	MITI telah membuat keputusan dasar bahawa dagangan yang di import oleh syarikat LMW dan syarikat yang beroperasi di FZ akan dikecualikan dari mengemukakan Certificate of Approval (CoA) dari SIRIM & CIDB bagi dagangan besi keluli seperti Butiran 1 kepada Jadual 4, Bahagian III Perintah Kastam (Larangan Mengenai Import) 2008 yang akan dipinda. Perlaksanaan akan dibuat selepas MITI, SIRIM & CIDB bersetuju dengan senarai dagangan besi keluli yang baru dan pindaan dibuat keatas Butiran 1 kepada Jadual 4, Bahagian III Perintah Kastam (Larangan Mengenai Import) 2008

2.	Tajuk : Exemption of duties for products destroyed by fire Usul : FMM Isu : Currently in the event of a fire, companies are required to pay duties on raw materials imported under Section 14/2 which have been destroyed by fire. Companies are allowed to claim refund of the duty from Treasury at a later stage. Cadangan FMM : To assist the company to recover from the loss of the raw materials due to the fire, it is suggested that Customs / Treasury consider allowing the company to apply for duty remission from Treasury without requiring for duties to be paid in advance.	Bagi dagangan bahan mentah yang telah mendapat pengecualian di bawah Seksyen 14(2) Akta Kastam 1967 dan Seksyen 10 Akta Cukai Jualan 1972 duti import dan cukai jualan tidak perlu dituntut jikalau <u>dimusnahkan oleh kebakaran dalam premis</u> syarikat melainkan terdapat syarat yang dinyatakan dengan jelas dalam pemberian pengecualian tersebut bahawa duti / cukai perlu di pungut.

3.	Tajuk : Shortage of Tax Stamps for Local Liquor Sales Usul : FMM Isu : Due to the shortage of tax stamps, local liquor manufacturers are not able to sell their products to the local market. This has also caused a negative impact on business operations of local liquor bottle manufacturers and ethanol producers. Cadangan FMM : Customs is requested to increase the issuance of the tax stamps to cater to the volume of local sales.	Masalah kekurangan "tax stamps" adalah kerana kontrak lama dengan pembekal telah tamat. Walaubagaimanapun kontrak baru bagi membekalkan "tax stamps" telah diluluskan oleh Perbendaharaan. Sebahagian bekalan "tax stamps" akan sampai minggu kedua bulan oktober 2009 dan sebahagian lagi minggu ke empat bulan oktober 2009.

4.	Tajuk : Customs Correspondence With Companies Usul : FMM Isu : It is a normal practice for Customs to send letters to companies seeking clarifications on queries or requesting for additional supporting documents. Companies are given a deadline of between 5 – 14 days to respond to letters from Customs. As the letters are sent by normal post, some letters may not reach the company in time for the recipient to respond within the deadline stipulated. Failure to reply to Customs within the stipulated period would attract penalties. Cadangan FMM : It is suggested that Customs fax and e-mail the letters to the companies in order for the company to have more time to revert to Customs.	Surat arahan kepada semua Pengarah-Pengarah Ibu Pejabat dan Pengarah Kastam Negeri termasuk Ketua Kastam Daerah telah dikeluarkan pada 13 oktober 2009 supaya surat menyurat JKDM kepada pelanggan atau syarikat yang memerlukan maklumbals atau dokumen sokongan hendaklah disusuli dengan fax dan email. 5.	Tajuk : Letters/Applications Submitted To Customs Usul : MIA Isu : Currently, Customs do not issue any letter to acknowledge the receipt of letters/applications submitted (except for the applications for customs rulings and refund) although such action has been promised many a time. Cadangan MIA : It is proposed that Customs issue the letter of acknowledgement for all letters/applications submitted and indicate in such letter the name of the officer assigned to process the same (plus the names of 2 immediate seniors). This would facilitate the follow up subsequently.
