AGENDA 1

Ucapan Pengerusi

Bismillahir Rahmanir Rahim, Assalamualaikum, selamat pagi dan salam sejahtera. Y.Berusaha Mr. Raja Kumaran, Pengerusi bersama dari MICCI, Y.Berbahagia Dato' Timbalan Ketua Pengarah Kastam , Dato' Mardina binti Hj. Alwi (Perkastaman dan Cukai Dalam Negeri). Dato' Khazali, Timbalan Ketua Pengarah Pengurusan. Y. Bhg Dato' Zaleha Penasihat Kastam, Y.Berusaha Dato'-dato' Pengarah Bahagian, ahli-ahli Majlis Panel Perundingan Kastam-Swasta, Y.Berusaha wakil-wakil dari persatuan, Dato'-dato', tuan-tuan dan puan-puan yang dihormati sekalian. Alhamdulillah, saya bersyukur ke hadrat Allah s.w.t kerana dengan limpah kurnia dan izinNya dapat kita bersama-sama berkumpul pada pagi ini sempena Mesyuarat Panel Perundingan Kastam-Swasta kali pertama pada tahun 2009. Saya juga ingin mengalu-alukan kehadiran Dato'-dato', tuan-tuan dan puan-puan ahli mesyuarat terutama dari pihak swasta yang saya rasa menunjukkan apa itu komitmen.

Terlebih dahulu, saya ingin merakamkan ucapan terima kasih kepada Y. Berusaha Encik Raja Kumaran dari MICCI selaku Pengerusi Bersama Mesyuarat Panel Perundingan Kastam-Swasta pada kali ini. Saya turut juga ingin mengambil kesempatan ini untuk mengucapkan selamat datang kepada ahli mesyuarat yang baru pertama kali hadir ke Ibu Pejabat Kastam Diraja Malaysia. Saya dimaklumkan bahawa pada mesyuarat kali ini seramai 55 orang mewakili pihak persatuan dan seramai 35 ahli mesyuarat mewakili Jabatan Kastam Diraja Malaysia (JKDM).

Mesyuarat Panel Perundingan antara JKDM dan swasta diadakan sebanyak 2 kali setahun. Forum seumpama ini adalah selaras dengan konsep persyarikatan Malaysia (Malaysia Incorporated) yang telah diperkenalkan oleh kerajaan pada suatu masa dahulu. Di antara lain matlamat mesyuarat ini diadakan adalah bagi mengeratkan hubungan silaturahim antara pihak JKDM dan pihak swasta. JKDM sangat mengalu-alukan inisiatif seumpama ini sebagai satu cara untuk mewujudkan majlis musyawarah bagi membincangkan isu dan perkara yang mempunyai kepentingan bersama.

Sebagai sebuah negara yang bergantung kepada pasaran bebas dan juga perdagangan antarabangsa, Malaysia mesti sentiasa memastikan bahawa urusan perjalanan kegiatan ekonomi berjalan dengan lancar. Sehubungan itu, adalah menjadi tanggungjawab pelbagai pihak termasuk *economic players* seperti tuan-tuan dan puan-puan untuk memastikan bahawa kepentingan ekonomi dan perdagangan Malaysia akan sentiasa terjamin terutama sekali di dalam masa semua negara-negara di dunia saling bersaing untuk mempertingkatkan *economic well being* negara masing-masing. Panel Perundingan Kastam-Swasta yang telah sekian lama wujud adalah merupakan langkah terbaik yang dapat membantu usaha kerajaan di dalam meningkatkan daya saing negara terutama sekali di dalam situasi negara berdepan dengan kelembapan ekonomi yang melanda seluruh negara termasuk Malaysia.

JKDM telah memperkenalkan pendekatan baru di dalam melaksanakan fungsi dan matlamat mesyuarat ini. Pendekatan yang saya maksudkan ialah JKDM dan pihak swasta telah mengadakan perbincangan awal terhadap sebanyak 44 isu yang telah dibangkitkan. Hasil daripada perbincangan awal tersebut, sebanyak 11 isu telah berjaya diselesaikan sebelum mesyuarat pada hari ini. Ini membuktikan bahawa kedua-dua pihak sentiasa saling berhubung tanpa menunggu mesyuarat seumpama pagi ini untuk mencari penyelesaian terhadap isu-isu yang boleh menyekat atau menghalang kemajuan perdagangan negara.

Saya ingin memberi jaminan bahawa JKDM akan sentiasa memperbaiki dan juga menambah baik sistem penyampaian agar urusan pihak swasta dapat berjalan lancar. Saya berpegang kepada prinsip bahawa JKDM harus sentiasa berperanan *to facilitate, not to frustrate*. Dalam masa yang sama JKDM juga sentiasa berharap agar pihak swasta turut berperanan untuk memberikan cadangan serta memberikan maklumat yang tepat untuk membolehkan JKDM membuat kajian dan pertimbangan dan sekiranya cadangan atau saranan yang dikemukakan dapat dilaksanakan, ianya akan dilaksanakan secepat mungkin. Saya berharap mesyuarat kali ini akan menghasilkan idea-idea yang baru dan bernas yang dapat kita kongsi bersama di dalam usaha meningkatkan pencapaian kita di dalam pelbagai aspek. Setakat ini ucapan saya, dan saya menjemput Mr Raja Kumaran, Pengerusi bersama Panel Perundingan Kastam-Swasta untuk memberikan kata-kata aluan.

AGENDA 2

Ucapan Pengerusi Bersama

Y. Bhg Dato' Hj Ibrahim bin Hj Jaapar, Ketua Pengarah Kastam Malaysia. Y.Bhg Dato' Mardina binti Hj. Alwi Timbalan Ketua Pengarah Kastam Malaysia Perkastaman dan Cukai dalam Negeri , Y. Bhg Dato' Khazali bin Hj. Ahmad Timbalan Ketua Pengarah Pengurusan, Y. Bhg Dato' Zaleha, Customs Advisor, Dato'-dato' Pengarah, Tuan-tuan dan Puan-puan.

I would like to personally wish everyone a very good morning and would like to thank the Royal Malaysian Customs Department (JKDM) for hosting the Consultative Panel Meeting for 2009. The Customs-Private Sector Consultative Panel Meeting has become the most important forum for the private sectors to engage with the JKDM to share their view and expertise especially in this challenging economic environment. I hope the policy decisions made in this meeting will be in line with the concept of One Malaysia, so that we can work as one team in order to achieve one goal, which is towards a developed nation by 2020. Towards this we note that the JKDM have had pre-consultative meetings with individual state associations to resolve some of the issues raised. We think that is a very good idea and this is in line with the concept of One Malaysia. I would like congratulate the JKDM on this matter. As the country becomes developed, there must be less Customs intervention on the operations of our business. For example, applying for facilities such as sales tax for raw materials, able to download forms from the internet and there should be reduction in some

of the information JKDM requires when we apply for exemptions. And to date, we still note from our members that they are still inconsistencies of information needed by different states. This actually delays businesses because you need to know exactly what JKDM Penang wants which differs from what JKDM Johore wants. And this is not consistent and hope the JKDM will address this. I think one of the challenges the government is facing is to computerise everything. Because, the moment we can download information from the internet our standards go up to the business hierarchy under the World Bank's criteria. I know the JKDM is putting effort to computerise everything, but maybe this needs to be accelerated, so that everyone can benefit from this. I'm sure the Pengarah Kastam will help the JKDM to achieve this goal of having mutual recognition with other countries. This will definitely be beneficial for us. I would like to thank Dato' for giving the private sectors the opportunity to put out our views and aspirations and again I would like to thank everyone.

BIL 1/2009

NO.	PERKARA	TINDAKAN JKDM
1.	Tajuk : CUSTOMS VERIFICATION INITIATIVE (CVI) Usul : AFAM Isu : <i>The CVI was introduced for risk management and targeted to identify unscrupulous importers who under declare invoice values, use different customs tariff code to avoid duty payment etc. The declarations from these suspected importers are then blocked in the SMK by JKDM Headquarters. The stations are unable to unblock these as it is controlled at headquarters level. Unfortunately, the JKDM Headquarters does not work on weekends and public holidays and as such these shipments are stuck although the consignee may be able to produce necessary clarification on the shipment being imported.</i> Cadangan AFAM : <i>JKDM Headquarters should either work 24 hours and also on weekends and public holidays to facilitate the processing of suspected shipments. There are also no clear guidelines on the actual purpose and workings of the CVI at station levels. A clear guideline needs to be communicated to all stations.</i> Tindakan : Bahagian Perkhidmatan Teknik	Jawapan : Panduan yang menjelaskan keputusan bagi menahan (<i>BLOCK</i>) dan melepaskan (<i>UNBLOCK</i>) konsaimen dagangan yang berisiko akan dilaksanakan oleh ketua stesen yang terlibat dan bukannya CVI Ibu Pejabat. Taklimat berkaitan panduan baru ini telah diberikan dalam masa terdekat kepada stesen-stesen utama. Keputusan ini berkuatkuasa pada 1.7.2009. <u>Selesai</u>

2.	Tajuk : BUKIT KAYU HITAM Usul : AFAM Isu : JKDM <i>at the BKH checkpoint currently operates from 8.00am till 8.30pm from Sundays to Thursdays. The checkpoint is closed to cargo on Fridays and Saturdays. The closure of the checkpoint at 8.30pm has caused disruptions of cargo flow between the two countries. This results in the cargo laden trucks to camp outside the check point overnight and create traffic congestion in the mornings when the check point reopens.</i> Jawapan AFAM : JKDM <i>to extend the operating hours to 24 hours basis 7 days a week to facilitate the movement of cargo between the 2 countries.</i> Tindakan : Bahagian Perkastaman	Jawapan : Telah berbincang dengan AFAM. Buat masa sekarang stesen Bukit Kayu Hitam akan di buka dari jam 6.00 pagi hingga 12.00 malam. JKDM akan mengeluarkan surat ke persatuan dalam masa yang terdekat. <u>Selesai</u>

3.	Tajuk : TANJUNG PUTERI Usul : AFAM Isu : JKDM at the TP checkpoint currently only allows the movement of perishable & live stock between midnight & 5.30am. The facility is closed for general cargo between these times. The closure of the checkpoint at midnight has caused disruptions of cargo flow between the 2 countries. It results in the cargo laden trucks to camp outside the checkpoint overnight & create traffic congestion in the mornings when the check point re-opens. Cadangan AFAM : JKDM to extend the operating hours to 24 hours basis to facilitate the movement of cargo between the two countries. 4.	Tajuk : SERVICE LEVEL AGREEMENT Usul : AFAM Isu : <i>In view of the reduction of the Free Storage Period at the ports, we have requested for a service level agreement from the JKDM in the clearance of the following categories of shipments:</i> <i>1. Direct release</i> <i>2. Physical examination</i> <i>3. CVI</i> <i>This will have a direct impact on the forwarding agents & their customers as it would have financial implications should there be any delay by any one party in the clearance process. The service level agreement would then be the standard benchmark and it would then alleviate the probability of accusations by those concerned</i> Cadangan AFAM : <i>JKDM to issue a service level agreement as soon as possible.</i> Tindakan : Bahagian Perkastaman & Bahagian Perkhidmatan Teknik	Jawapan : <i>A comprehensive client charter is being developed by the corporate division which encompasses all the activities carried out by the JKDM which involves the public. 5.	Tajuk : BUMIPUTRA EQUITY Usul : AFAM Isu : <i>The present policy governing the issuance of forwarding agent's license stipulates that all new agencies must have Bumiputra participation of at least 51% with regards to share capital, management and capital. The requirement does not apply to certain categories of companies such as companies and agencies which are fully owned by Malaysian citizens etc. These directives are however not being complied with by JKDM.</i> Cadangan AFAM : <i>Companies, agencies and sole proprietorships/partnerships/family ownerships owned by Malaysians should be accorded licenses without any conditions as stipulated in the NEP. They should also be able to qualify for the status of ILS (Integrated Logistics Services) by amending the guidelines from owning assets to managing assets similar to the guidelines accorded to the ILS (International Integrated Logistics Services) companies.</i> <i>In view also of the globalization trend, foreign companies which have invested huge sums of money in their businesses in Malaysia and opening up their global networks for the country's benefit are benefiting through total exemptions of the equity participation through the introduction of ILS (International Integrated Logistics Services)</i> Tindakan : Bahagian Perkastaman	Jawapan : Isu ekuiti Bumiputra bagi kelulusan agen penghantaran adalah satu dasar MOF dan pihak AFAM dinasihatkan merujuk pada Kementerian berkenaan. 6.	Tajuk : PUBLIC BONDED WAREHOUSE Usul : AFAM Isu : JKDM <i>has changed the criteria for the approval of Public Bonded Warehouse license. They are now imposing criteria's as follows for Critical Items:</i> <i>1. Value of goods stored in 1 year to be of a minimum value of RM 3.5 million.</i> <i>2. Bank guarantee of 10% of the total tax involved over a period of 1 year.</i> <i>This new requirement for value of goods over a period of 1 year is unrealistic and has got no business relevance. The need for bank guarantee of 10% of the total tax is also unjustified as it only ties up the companies cash reserves and would affect their cash flow.</i> Cadangan AFAM : <i>The two mentioned criteria to be removed from the requirements for the issuance of Public Bonded Warehouse License.</i> Tindakan : Bahagian Perkastaman	Jawapan : Dasar Baru Gudang Berlesen Awam (GBA) terbahagi kepada 2 Kategori; A. Permohonan GBA yang menggundang barang-barang <u>tidak berisiko tinggi</u> dengan syarat ; -Modal berbayar sekurang-kurangnya RM250,000.00 -Keluasan gudang sekurang-kurangnya 20,000 kp. -Jumlah Jaminan Bank 10% daripada duti / cukai terlibat dalam setahun B. Permohonan GBA yang menggundang barang-barang <u>berisiko tinggi</u> dengan syarat; -Modal berbayar sekurang-kurangnya RM1,000,000.00 -Keluasan gudang sekurang-kurangnya 50,000 kp. -Nilai barangan yang disimpan dalam 1 tahun tidak kurang dari RM3.5 juta -Jumlah Jaminan Bank 10% daripada duti / cukai terlibat dalam setahun Isu ini telah di bincang dgn pihak AFAM pada 08/07/09 & JKDM bersetuju utk mengkaji semula perkara ini dgn MOF. 7	Tajuk : MOBILE PHONES AND SPARES Usul : AFAM Isu : JKDM recently issued a directive to stop the transfer of mobile phones and its spares using Customs No 8 form. The manufacturers are now left in a lurch as they are unable to transfer goods from one Free Commercial Zone to another Free Commercial Zone. This transfer is normally done when one company does a particular process while another company in a different Free Commercial Zone continues with another process. By this ban on the In Transit using Customs No 8 will cripple the mobile phone industry in the country. Cadangan AFAM : JKDM to cancel the above directive in the best interests of the players in the mobile phone industry. Tindakan : Bahagian Perkastaman	Jawapan : Dasar pemindahan secara 'in-transit' telefon bimbit bertarikh 29 April 2008 akan ditarik balik dan satu mekanisma bagi mengukuhkan kawalan Kastam akan dibangunkan. 8.	Tajuk : AUTHORISED ECONOMIC OPERATOR Usul : AFAM Isu : JKDM has introduced a facility called Authorized Economic Operator in line with the Customs Golden Client policy. Among the objectives of this policy is to develop a smart partnership between JKDM and the private sector to achieve supply chain security. This is however restricted to Malaysian manufacturers and traders. The freight forwarders who form an integral part of the supply chain have however been left out. The forwarders constitute to 99% of all shipments cleared within the country. Cadangan AFAM : JKDM to develop a policy which would recognize freight forwarders who have demonstrated a high level of compliance to customs legal and regulatory requirements and accord them the similar benefits. Tindakan : Bahagian Perkastaman	Jawapan : AEO is a facility which is accorded to parties involved in international movement of goods complying with WCO or equivalent supply chain security standards. JKDM has not accorded AEO status to any company. JKDM has a limited version of AEO which is called the Customs Golden Client. The <u>Customs Golden Clients</u> facility is only accorded to importers who demonstrate high compliance in terms of regulatory and accounting practices. The companies are vetted to ensure compliance. This facility cannot be accorded to Customs Agents because they will be clearing for their clients who are not <u>Customs Golden Clients</u>. Customs agents however are allowed to clear for their clients who have been accorded <u>Customs Golden Clients</u> status. Customs agents are encouraged to have their clients apply for this facility. <u>Untuk Makluman</u>

These parties are ex- JKDM officials and or from the JKDM clubs. They continue to do so despite an official directive from JKDM to halt such activities.</i> Cadangan AFAM : <i>DG of JKDM to officially ban such solicitation of funds and take necessary police action if found to continue.</i> Tindakan : Bahagian Khidmat Pengurusan Sumber Manusia & Kewangan	Jawapan : JKDM telah mengeluarkan surat pada 18 April 2008 dan 14 Ogos 2008 kepada semua NGO Jabatan ini supaya tidak meminta derma daripada mana-mana pihak. Persatuan-Persatuan adalah seperti berikut : i. Persatuan Pegawai-Pegawai Kanan Kastam Malaysia ii. Persatuan Pegawai Kanan Sabah iii. Kesatuan Pegawai-Pegawai Kastam Semenanjung Malaysia iv. 10.	Tajuk : CHANGES IN POLICY Usul : AFAM Isu : <i>The JKDM Headquarters has off late made changes to existing policies without consulting the industry players in advance to gather inputs. This then leads to dissatisfaction among the industry players when the policies are deemed to be non-workable and only hinders progress</i> Cadangan AFAM : <i>JKDM must convene dialogues and have consultative meetings to discuss proposed policy changes with the industry and give the industry at least 30 days notice in advance prior to implementation.</i> Tindakan : Bahagian Perancangan Korporat	Jawapan : JKDM mengambil maklum mengenai isu ini. Dalam melaksanakan sesuatu polisi atau dasar tidak semestinya JKDM berbincang dengan pihak industri terlebih dahulu sebelum ianya dilaksanakan khususnya dasar atau polisi yang melibatkan penguatkuasaan dan pematuhan. JKDM bersedia untuk mengadakan perbincangan dengan pihak industri terlebih dahulu pada masa hadapan sebelum sesuatu polisi atau dasar baru dilaksanakan dan akan memberi <i>time frame</i> untuk pelaksanaan sesuatu polisi baru. Walau bagaimanapun, bukan semua polisi atau dasar yang akan dibincangkan dengan pihak swasta. <u>Selesai</u>

11.	Tajuk : FORWARDING AGENT LICENSE RENEWAL-EPF CONTRIBUTION SLIPS Usul : AFAM Isu : JKDM still insists that Forwarding Agents submit copies of EPF contributions of their staff when submitting applications for renewal of their Forwarding Agents license. On the other hand, the requirement to submit a breakdown of salary structure of staff has been discontinued by the directive from MITI. Cadangan AFAM : The requirement to submit copies of staff EPF contributions are to be discontinued. Tindakan : Bahagian Perkastaman	Jawapan : <i>JKDM has issued a letter reminding the stations not to request the EPF slip when applying for renewal of Forwarding Agent approval. The Agents' associations have also been informed of this on 29 Jun 2009</i> <u>Selesai</u>
12.	Tajuk : SERVICE TAX (ST) PAYMENT – ON-LINE Usul : AFAM Isu : <i>Presently all FF have to physically travel to respective JKDM stations to submit their cheques for their ST. This is inconvenient in this modern technological era where most transactions can be done on-line.</i> Cadangan AFAM : <i>Payment of ST to be done electronically similar of Electronic Fund Transfer (EFT).</i> Tindakan : Bahagian Cukai Dalam Negeri	Jawapan : <i>Sistem pembayaran cukai on-line sedang dibangunkan melalui Portal JKDM. Dijangka siap sebelum akhir tahun 2010.</i> <u>Selesai</u>

13.	Tajuk : PRINTING OF CUSTOMS OFFICIAL RECEIPTS (COR) Usul : AFAM Isu : All COR are only printed at the JKDM payment counters thus requiring the Customs Agents to leave their offices just to collect the receipts. This is counter productive in this modern technological era in a paperless environment. Cadangan AFAM : JKDM to modify the present system to allow the printing of COR to be done at the agents' premises. Tindakan : Bahagian Perkastaman & Cawangan Teknologi Maklumat	Jawapan : <i>The printing of COR at the agents' premises has been agreed in principle. The legal and operational issues are being worked out. Once these issues are resolved with MOF, AG & Audit, the printing of COR at the agents' premises will be implemented. Currently the COR is printed only at the JKDM office.</i> <u>Tindakan : Bhg. Perkastaman & Cawangan Teknologi Maklumat</u>

14.	Tajuk : HANGING FORMS IN SMK Usul : AFAM Isu : <i>Whenever there is a system failure with the SMK, JKDM forms cannot be submitted electronically. Although the forms are keyed in the system but due to the system's failure, forwarding agents then revert to manual submissions. They are required to cancel these electronic submissions once the system comes online again. They would then have to submit all relevant documentation which may have already been attached to shipment & delivered to the consignee. Retrieval of these docs can be extremely cumbersome.</i> Cadangan AFAM : JKDM to modify the SMK system so that JKDM personnel can delete & cancel the electronic submissions in the event of system failure after sighting the manual submissions. Tindakan : Bahagian Perkastaman & Cawangan Teknologi Maklumat	Jawapan : <i>JKDM agrees to this proposal. System requirements and operational issues need to be worked out. AFAM has also agreed in a meeting held on 08/07/09 to provide information on how to solve this issue.</i> JKDM perlu mewujudkan <i>task force</i> bersama dengan pihak agen untuk menyelesaikan masalah ini. <u>Tindakan : Bahagian Perkastaman & Cawangan Teknologi Maklumat</u>

15.	Tajuk : CUSTOMS PASSES Usul : AFAM Isu : <i>The procedure & authority for the issuance of JKDM passes in Port Klang goes against all norms. The JKDM passes are issued by a third party who is not associated to JKDM. How can a third party issue a JKDM pass and even collect RM20 as a fee? There is also a requirement that JKDM pass can only be issued to personnel that have attended the KAAK course and have a valid certificate of passing this exam. Is this a new policy?</i> Cadangan AFAM : <i>JKDM Port Klang to take over the responsibility of the issuance of JKDM passes and also abolish the requirement for the need of personnel to have a valid certificate of passing the KAAK exam.</i> Tindakan : Bahagian Perkastaman	Jawapan : <i>JKDM to study this proposal. 16.	Tajuk : KEDAI EDI Usul : AFAM Isu : <i>There are presently many forwarders who are using the services of Kedai EDI to do Customs declaration via the EDI system as they have yet to install the software in their offices. These forwarders will be affected when JKDM fully implement the paperless declaration and transaction which will be end to end</i> Cadangan AFAM : JKDM to make it compulsory for Customs Agents to install a Customs declaration system in their premises Tindakan : Bahagian Perkastaman	Jawapan : <i>The JKDM is of the opinion that the installation of front end software is a business decision. The Kedai EDI is established to cater for agents who find it more economical to use their service.</i> AFAM juga telah mencadangkan kemudahan <i>pay per use</i> pada DagangNet. 17.	Tajuk : CUSTOMS K1A - RESUBMISSION Usul : AFAM Isu : <i>1st time imports of shipments where invoice value is over RM10,000.00 requires the additional submissions of Customs K1A form which came into effect in year 2000. A subsequent import of the same shipment (commodity) however does not require the re-submission of Customs K1A form. This is however not practiced in Port Klang where JKDM insists on re-submission of Customs K1A for all shipments regardless whether the shipment has been imported before.</i> Cadangan AFAM : <i>JKDM Headquarters to issue a directive on the actual requirements for the submissions of Customs K1A forms i.e. that a shipment which has a invoice value of over RM10,000.00 but has previously be imported using a Customs K1A form need not resubmit a new Customs K1A form when re-imported.</i> Tindakan : Bahagian Perkhidmatan Teknik	Jawapan : Arahan telah dikeluarkan kepada semua Pengarah Kastam Negeri pada 19 Jun 2009 dengan merujuk kepada pindaan Surat Pekeliling Pentadbiran Penilaian Kastam Bil 1 bertarikh 10 Ogos 2002 yang menyatakan seperti berikut:- “Borang Kastam K1A hendaklah dikemukakan hanya sekali bagi setiap kontrak jual beli / perjanjian antara penjual dengan pembeli, bukannya pada setiap borang ikrar K1” Arahan ini berkuatkuasa serta merta dan semua Ketua Bahagian Kastam Negeri, telah pun dimaklumkan pada 24 Jun 2009 di Mesyuarat Ketua-Ketua Bahagian Kastam. 18.	Tajuk : CUSTOMS K1A – RM10,000 TO RM20,000 Usul : AFAM Isu : <i>The JKDM Headquarters has on 19th December 2008 revised its policy on the invoice value for 1st time import shipments which requires the submission of K1A forms from RM 10,000.00 to RM 20,000.00. This new policy comes into effect in January 2009. This is however not practiced in Port Klang where the invoice value of shipments requiring submission of K1A remains at RM 10,000.00 per shipment.</i> Cadangan AFAM : <i>The JKDM Headquarters to issue a directive on the change in the invoice value which requires the submissions of Customs K1A form from RM 10,000.00 to RM 20,000.00.</i> Tindakan : Bahagian Perkhidmatan Teknik	Jawapan : Cadangan untuk meminda Peraturan-Peraturan Kastam 1977 (Pindaan No.7:1999) telah dimajukan kepada Perbendaharaan dan pada masa ini JKDM sedang menunggu kelulusan Menteri Kewangan untuk diwartakan. Pihak swasta akan dimaklumkan apabila pindaan ini telah diwartakan. Sehingga diwartakan, cadangan pindaan ini tidak dapat dilaksanakan oleh JKDM. Jawapan pada AFAM melalui surat rujukan KE.HT(-)379/12(25) bertarikh 25 Jun 2009 telahpun dikemukakan. <u>Selesai</u>

19.	Tajuk : DUTY PAYMENT WITH THE SURETY OF BANK GUARANTEE Usul : AFAM Isu : <i>Presently payment of Customs duties by cheque is done by the prior placement of bank guarantees with JKDM at the respective JKDM stations. This process involves the placement of cash or other financial instruments with the banks in return for the issuance of the bank guarantee. This again ties down the cash flow of the respective Forwarding Agent.</i> Cadangan AFAM : <i>The bank guarantee to be replaced by a Customs General Bond similar to the present K18 form and it should be accepted by all JKDM stations for Pan Malaysian license holders.</i> Tindakan : Bahagian Perkhidmatan Teknik	Jawapan : Perkara ini telah pun dikaji dan hasil kajian jaminan bank telah dikurangkan dari 3 kali jumlah duti / cukai kepada 1 kali jumlah duti / cukai yang berkuatkuasa pada bulan Mei 2009. Jawapan kepada AFAM melalui surat ruj.KE.HT(-)379/12(25) bertarikh 25.6.09 telah dikemukakan. Berkenaan dengan cadangan menggantikan jaminan bank dengan bon am, buat masa ini JKDM hanya membenarkan penggunaan bon am untuk kilang-kilang yang dilesenkan sebagai Gudang Pengilangan Berlesen sahaja. JKDM masih belum lagi bersedia untuk melaksanakannya bagi kategori pengimport yang lain. <u>Selesai</u>

20.	Tajuk : COMMON CUSTOMS STATION CODE Usul : AFAM Isu : <i>Presently each JKDM station is identified with an individual station code which must be entered into the SMK system when making declarations. A Forwarding Agent is unable to make declarations at a different JKDM station if his company is not registered at the station. This does not augur well in a globalised environment.</i> Cadangan AFAM : <i>Forwarding Agents should be allowed to submit declarations' using a common JKDM station code and the SMK system should be modified to accept such submissions.</i> Tindakan : Cawangan Teknologi Maklumat & Bahagian Perkastaman	Jawapan : Dasar pendaftaran agen penghantaran perlu dihalusi terlebih dahulu dan harusnya jelas supaya pemantauan dan kawalan ke atas agen-agen penghantaran yang dilesenkan masih dapat dilaksanakan oleh Jabatan. Pindaan pada SMK dengan hanya menggunakan kod stesen yang sama (<i>common</i>) seperti yang dicadangkan tidak merupakan satu cadangan yang efisien. Kod stesen yang merujuk kepada stesen-stesen yang berkaitan masih diperlukan dalam proses pengikraran borang Kastam. JKDM perlu mengkaji keperluan untuk memusatkan pendaftaran agen pendaftaran dan mewujudkan kaedah pemantauan yang bersesuaian ke atas agen penghantaran jika dibenarkan berurusan di seluruh negara tanpa mengira lokasi syarikat berkenaan didaftarkan. Setelah dasar yang jelas dibangunkan, barulah SMK dapat membuat pindaan. Tarikh 'cut-over' juga perlu difikirkan jika dasar baru diwujudkan. Pindaan pada SMK juga melibatkan pindaan pada perisian <i>front-end</i> DNT. <u>Tindakan : Cawangan Teknologi Maklumat & Bahagian Perkastaman</u>

21.	Tajuk : RENEWAL OF FORWARDING AGENTS' LICENSE Usul : AFAM Isu : JKDM <i>still insists Forwarding Agents' submit various documents when applying for renewal of their license. These documents are already in the possession of JKDM when the Forwarding Agent first applies for their license. This is only adding additional paperwork both for the forwarding agents as well as JKDM.</i> Cadangan AFAM : JKDM <i>to dispense with all these paperwork except for the copy of the Customs General Bond and make it mandatory for the Forwarding Agents' to provide copies on any new changes in their existing structure which requires JKDM notification</i> Tindakan : Bahagian Perkastaman	Jawapan : JKDM bersetuju dengan cadangan tersebut dan akan mengeluarkan surat arahan baru mengenai perkara ini. Surat JKDM KE.HE(44)001/01-3(A)/Klt.3(77) bertarikh 15.7.2009 adalah berkaitan. <u>Selesai</u>

22.	Tajuk : TARIFF CODE CHANGES Usul : AFAM Isu : <i>There are instances when JKDM officers disagree to the tariff code used for declaration of shipments. They then amend these tariff codes which will invariably change the amount of duties to be paid. This change is however not available on the front end software of the Forwarding Agent who would have to travel to the JKDM office to find out which item in the declaration was amended/changed. They have to go back to their office to notify the importer of change.</i> Cadangan AFAM : <i>JKDM must upgrade their present system to allow the Forwarding Agent to be able to see which item in their declaration was amended or changed. This would reduce the unnecessary travel time of the Forwarding Agent.</i> Tindakan : Cawangan Teknologi Maklumat	Jawapan : Keperluan ini memerlukan pindaan kepada perisian '<i>front-end</i>' yang disediakan oleh Syarikat DNT. Sistem '<i>front-end</i>' DNT didapati hanya <i>interface</i> dengan SMK dan oleh itu, tidak dapat memaparkan sebarang pindaan yang telah dibuat di pihak JKDM. Walau bagaimanapun, JKDM sedang dalam proses untuk mewujudkan Portal JKDM yang dijangka siap pada akhir 2010. Melalui portal JKDM, pengikrar dapat menyemak status dan sebarang pindaan ke atas borang Kastam yang diikrarnya. <u>Tindakan : Cawangan Teknologi Maklumat</u>

Tajuk : DEMINIMUS VALUE Usul : AFAM Isu : <i>At present only air express companies have the dispensation of not having to formally use a JKDM form to declare shipments of inv. value of RM500 & below. This privilege is however not extended to the forwarding industry.</i> Cadangan AFAM : <i>The same privilege should be accorded to the forwarding industry to make it uniformed.</i> Tindakan : Bahagian Perkastaman	Jawapan : <i>This is a special exemption given by the Minister of Finance under the provision of S14(1) Customs Act 1967, and is limited to importers using air courier services only. AFAM is advised to write to MOF regarding this issue.</i> JKDM telah menghantar surat (ruj : KE.HE(-)379/12/Klt.7(54) bertarikh 14.7.2009) ke AFAM supaya merujuk perkara tersebut ke MOF. <u>Selesai</u>

The companies are vetted to ensure compliance. This facility cannot be accorded to Customs Agents because they will be clearing for their clients who are not <u>CGCs</u>. This is pursuant to the AFTA Protocol on the Special Agreement for Sensitive and Highly Sensitive Products dated 30 September 1999- Article II Para 1.</i> <i>From the inception of the AFTA agreement, Malaysia has gone through various tariff elimination and reduction exercises. In some years, the reduction/elimination was announced with retrospective effect.</i> <i>As an example, in the year 2007, the gazette on reduction from 5% to 0% for fruits such as figs, avocado, apples, pear, selected citrus fruits, selected fresh fruits and others were issued on 15 March 2007 but came into force on 1 January 2007.</i>	Jawapan : JKDM akan menyediakan deraf pindaan Perintah ASEAN Free Trade Area (AFTA) sebelum ianya diwartakan oleh MITI pada 1.1.2010, sebagai satu langkah persediaan. <u>Untuk Makluman</u>

	<i>The delay in the announcement of the ASEAN tariff reduction in Malaysia has caused great inconvenience to businesses in terms of cash flow and administrative work. Furthermore, the application for refund on the duties overpaid is also quite complex and requires a lot of management attention.</i> Cadangan MICCI : <i>Overall the delay in reducing tariffs under AFTA does not reflect well on Malaysia in its quest to build greater trade and industrial linkages among ASEAN member countries</i> <i>To fulfill Malaysia's AFTA commitment, and to facilitate Malaysian businesses, we propose that necessary actions and steps be identified by the respective government authorities in ensuring that the implementation of the CEPT rate for products like tropical fruits, sugar, tobacco and tobacco products be carried out by 1 January 2010.</i> <i>Thus, the gazette by the government on the implementation of the CEPT rate must be issued no later than 31 December 2009.</i> Tindakan : Bahagian Perkhidmatan Teknik

26.	Tajuk : CUSTOMS RULING – SERVICE TAX Usul : MICCI Isu : <i>Regulation 3 (1) of the Service Tax (Customs Ruling) Regulations states that the Director General shall issue a Customs ruling within 90 days after receipt of the relevant documentation</i> Cadangan MICCI : <i>We find that numerous rulings have not been made within the stipulated time frame. In fact, in some instances, we have not even been informed of any requests for further information in respect of the ruling applications made by us on behalf of clients well after the 3 month time frame has lapsed.</i> Tindakan : Bahagian Cukai Dalam Negeri	Jawapan : JKDM berjanji akan selesaikan segera semua fail-fail yang tertunggak dan tempoh 3 bulan akan dipatuhi bagi permohonan-permohonan yang akan datang. Dato’ Pengerusi memberi tempoh 1 bulan untuk menyelesaikan fail-fail tertunggak. <u>Tindakan : Bahagian Cukai Dalam Negeri</u>

27.	Tajuk : CUSTOMS RULING Usul : MICCI Isu : <i>We find that certain branches are reluctant to make any decisions on their own, and instead ask us to submit ruling applications on the most routine issues. For example – updated product valuation submissions, etc.</i> Cadangan MICCI : <i>Are there any guidelines as to what branches can and cannot make decisions on?</i> Tindakan : Bahagian Perkhidmatan Teknik	Jawapan : Di setiap negeri terdapat Bahagian/Cawangan Perkhidmatan Teknik yang menguruskan semua perkara berkaitan dengan penjenisan dan penilaian barangan kecuali permohonan yang melibatkan ketetapan Kastam, bayaran duti secara bantahan dan rayuan penjenisan di mana bahagian Perkhidmatan Teknik Negeri perlu mengemukakan permohonan kepada Ibu Pejabat untuk kelulusan. Panduan berkenaan perkara ini telah pun dikeluarkan kepada negeri. Sekiranya Pegawai Teknik Negeri tidak membantu untuk menyelesaikan masalah pelanggan, perkara ini bolehlah dilaporkan kepada Pengarah Kastam Negeri atau Ibu Pejabat untuk tindakan lanjut. <u>Selesai</u>

28.	Tajuk : SERVICE TAX – REFUND ON BAD DEBTS Usul : MICCI Isu : <i>We understand that during the Customs–Private Sector discussion 2/2008, the Internal Taxes division, announced that guidelines were being issued to address the refund claims on bad debts specifically for the Telecommunication industry.</i> Cadangan MICCI : <i>This industry is unique in that they have a lot of debtors for minimal sums, that taking legal action on all debtors would not be cost effective. It has been 5 months since that last meeting – has the guidelines been finalised?</i> Tindakan : Bahagian Cukai Dalam Negeri	Jawapan : Garis panduan telah siap diedarkan kepada semua stesen untuk makluman pemegang-pemegang lesen dan orang awam. 29.	Tajuk : CLEAR DEFINITION OF TAXABLE SERVICES IN SECOND SCHEDULE OF THE SERVICE TAX REGULATIONS, 1975 Usul : MICCI Isu : <i>This issue has been raised before (please refer to Item 11 of the Minutes of Meeting of Customs-Private Sect. Consultative Panel 1/2007) & JKDM responded by mentioning that they will sought to revise circulars and guidebook that has been issued. They will also publish decisions made relating to service tax for distribution to licensees for reference & guidance.</i> Cadangan MICCI : <i>Despite the above pledge by JKDM, the service tax guidebook issued in April 2008 does not appear to have explained the taxable services in greater details. The guidebook mainly focused on the requirements of the service tax law. We are also not aware of any publication of decisions made by JKDM for public reference and information.</i> <i>As previously recommended, JKDM should adopt the public ruling mechanism whereby new rulings / decisions are published and made known to the public on a timely basis. The identity of the taxpayers should not be disclosed. These notifications can be published in the JKDM official website for easy access by the public and not confined to only licensees.</i> <i>We would like to however commend the JKDM on the efforts made to improve the contents of their website. Keep it up!</i> Tindakan : Bahagian Cukai Dalam Negeri	Jawapan : Pengerusi Bersama membangkitkan isu perkhidmatan bercukai seperti dalam Jadual Kedua, Peraturan-peraturan Cukai Perkhidmatan perlu dikaji semula. Sebagai contoh, perkhidmatan pengurusan adalah terlalu umum dan terbuka kepada berbagai interpretasi. JKDM sedang mengkaji perkara ini. <u>Tindakan : Bahagian Cukai Dalam Negeri</u>

30.	Tajuk : <i>(i) REVIEW OF PAYMENT OF SALES TAX FROM THE 10TH TO THE 15TH OF EVERY MONTH</i> Usul : MICCI Isu : <i>Under the current sales tax legislation, payments of sales tax on petroleum products have to be made to the relevant Customs station by the 10th of every month. Due to the current downstream Automatic Pricing Mechanism (APM), the sales tax may vary for each month and the Ministry of Finance (MOF) will issue notification letters to all oil companies on the sales tax rate payable for each month, and this is typically issued in the first week of the month. As sales tax are payable by the 10th of each month, the timing is constrained for the preparation and delivery of checks to each JKDM station where the terminal operates.</i> Cadangan MICCI : <i>We recommend that the payment due date be amended from the 10th to the 15th of every month, which coincides with the due date for subsidy claims submissions to the respective JKDM stations. This will provide the oil companies with the required sufficient lead time to prepare timely payment of sales tax to the local JKDM stations.</i> Tindakan : Bahagian Cukai Dalam Negeri	Jawapan : JKDM sedang menyediakan kertas kajian dan kertas kajian tersebut akan dihantar ke MOF secepat mungkin. <u>Tindakan : Bahagian Cukai Dalam Negeri</u>

This would save the processing and logistics efforts required in the preparation, handing and delivery of checks to each local JKDM station.</i> Tindakan : Bahagian Cukai Dalam Negeri	Jawapan : JKDM dalam usaha membangunkan Portal JKDM dimana pembayaran melalui elektronik akan dibenarkan. Tajuk : (iii) PLACING A BLANKET BANK GUARANTEE WITH JKDM HQ Usul : MICCI Isu : <i>Currently, all downstream oil companies are required to lodge a bank guarantee with JKDM HQ as security for payment of sales tax for the release of petroleum products from the terminals/ depots. These bank guarantees are issued by local banks.</i> Cadangan MICCI : <i>For cost efficiencies, we recommend a JKDM bond in replacement of bank guarantees. With a JKDM Bond, the JKDM could still exercise their legal rights under the Sales Tax Act 1972 to ensure full compliance by the oil companies.</i> Tindakan : Bahagian Cukai Dalam Negeri	Jawapan : Kajian sedang dibuat mengenai kesesuaian Bon Am dan akan dimajukan untuk keputusan Ketua Pengarah Kastam. <u>Tindakan : Bhg. Resulting in high product price.</i> <i>Thus we proposed that the threshold value should be increased to at least RM300,000.</i> Tindakan : Bahagian Cukai Dalam Negeri	Jawapan : Kertas kajian cadangan bajet 2010 telah dikemukakan ke Kementerian Kewangan. <u>Selesai</u>

LMW status could be abused as follow:</i> • <i>Disposing the finished products in the local market at lower price and competing with protected local market;</i> • <i>Disposing more than the 20% limit of their finish goods in the local market.</i> Cadangan ACCCIM : <i>i). Monthly inventory report on raw mats. & finished goods furnished by LMW holders to JKDM to be verified with physical goods on random basis;</i> <i>ii). Customs to ensure LMW holders comply with the conditions of LMW especially exporting at least 80% of their finished goods;</i> <i>iii). JKDM tidak menerima sebarang aduan dari org awam mengenai penggunaan semula resit jualan keatas brg lucuthak JKDM utk melindungi barangan seludup. Peruntukan perundangan membenarkan KPK melupuskan brg. larangan yg dilucuthak dgn cara menjualnya kpd orang ramai. Bagaimanapun adalah menjadi dasar JKDM pada masa ini, brg larangan yang dilucuthak seperti mercun, bunga api, rokok, minuman keras, vcd, barangan elektrik dsb. akan dimusnahkan. Hanya kenderaan lucuthak & diluluskan oleh JPJ shj dijual secara tender kpd org ramai. Keputusan tender dibuat melalui jawatankuasa khas bagi memastikan ketelusan dan integriti. AGENDA 7

Ucapan Penutup Pengerusi Bersama

Thank you Ketua Pengarah.

I'm sure lots of issues were discussed this morning and although there were some raised voices, but I think this can be taken in the spirit of good faith and resolve these issues within the JKDM community.

So, I would like to thank the Ketua Pengarah Kastam again for having had this meeting. I'm sure the outstanding issues will be resolved soon. I also appreciate the JKDM for allowing me to address this forum.

Thank you.

AGENDA 8

Ucapan Penutup Pengerusi

Terima kasih Encik Raja Kumaran.

Sebelum itu, saya ingin memohon rakan-rakan saya di JKDM, apabila pihak swasta ada masalah dengan usul, kita berbincang secara terbuka. Kita boleh berkongsi pendapat atau maklumat. Adakalanya pihak swasta lebih arif mengenai sesuatu isu daripada kita. Penilaian dari pihak kita perlu dibuat bagi menyelesaikan sesuatu masalah dengan cepat. Ini akan meningkatkan taraf ekonomi negara melalui *delivery systems* kita dan sebagainya. Melalui cara ini, kita akan dapat mencapai manfaat yang lebih berbanding daripada sistem bersaing dengan negara-negara yang lain. Jadi saya minta perancangan dibuat bagi mana-mana usul yang kita terima dan saya berharap supaya kita tidak menunggu sehingga enam bulan untuk menyelesaikan sesuatu masalah itu. Apabila sesuatu usul telah selesai, kita perlu mengeluarkan surat dan maklumkan apa tindakan yang telah diambil.

Pihak swasta telah membawa 68 perkara dan kita telahpun membincangkan kesemua perkara tersebut. Saya amat berterima kasih di atas semua maklumat perbincangan yang diutarakan serta diatas semua maklum balas yang diberikan oleh pihak swasta dan juga pihak Kastam. Pada saya adalah perkara biasa dalam mana-mana perbincangan, kadang-kadang ada pencangahan pendapat. Ini adalah perkara *normal* dan saya percaya kita dapat menyelesaikan isu-isu tersebut. Kepada semua pegawai, saya ingin menegaskan bahawa kita dapat memberi kerjasama dan perkhidmatan yang baik kepada pihak swasta demi untuk kemakmuran negara. Saya percaya kita tidak sempurna dari segi pengetahuan dan saya amat mengalu-alukan pandangan membina dari semua pihak kerana sekiranya ini dapat dilakukan, isu-isu berkaitan dengan pengurusan JKDM dapat diselesaikan secara positif.

Saya ingin menyatakan bahawa kemungkinan sesetengah isu ini yang dibincangkan di sini akan juga dibawa ke dalam forum yang lain, contohnya dialog MITI. Saya mohon supaya isu-isu yang diputuskan dalam mesyuarat ini akan mempunyai keputusan dan penyelesaian yang sama walaupun ianya dibincangkan dalam forum yang lain. Kita seharusnya menjadi profesional dalam menangani sesuatu isu.

Akhir kata, saya ucapkan terima kasih di atas segala sumbangan yang diberikan di dalam mesyuarat ini dan insyaAllah kita akan jumpa lagi di mesyuarat yang akan datang. Sekian, saya sudahi dengan wabillahi taufik walhidayah wassalammuualikum warahmatullah hiwabarakatuh. Terima kasih.

Tuan,

Dasar Percukaian Ke Atas Jualan
Tempatan Bagi Syarikat LMW Dan FIZ

MIOR SALLEHUDDIN B. MIOR GHAZALI Pengarah Bahagian Kastam 19.1.98	

Dengan hormatnya saya merujuk kepada surat Perbendaharaan bil. CR(8.20)116/1-515/1(SK.5)(2) bertarikh 3.1.1998 mengenai perkara tersebut di atas. Salinannya dikembarkan bersama untuk memudahkan rujukan tuan.

2. Adalah dimaklumkan bahawa YAB Menteri Kewangan mengikut kuasanya di bawah seksyen 14(2) dan seksyen 65A Akta Kastam 1967 telah bersetuju supaya jualan tempatan syarikat LMW dan FIZ yang bersaing dengan keluaran syarikat PCA dikenakan duti import 5% a.v. atau kadar bersamaan duti eksais mengikut yang mana lebih tinggi (bagi keluaran yang tertakluk kepada duti eksais) sekiranya keluaran berkenaan mengandungi nilai bahan tempatan yang melebihi 51%. Kelonggaran juga boleh dipertimbangkan jika barangan berkenaan tidak mencapai kandungan bahan tempatan melebihi 51% tetapi mencapai sekurang-kurangnya 40% berdasarkan merit satu-satu kes.

5. Bagi melaksanakan dasar ini, peraturan berikut hendaklah digunakan dalam membuat penentuan sama ada sesuatu barangan pengguna atau barangan perantaraan itu ada dikeluarkan dalam negeri dan dalam menentukan tahap kandungan bahan tempatan:

- i) Syarikat LMW/FIZ (syarikat penjual) yang ingin mendapatkan pengesahan sama ada keluaran siapnya ada dikeluarkan di PCA atau syarikat yang ingin mendapatkan pengesahan mengenai peratusan bahan tempatan yang digunakan hendaklah membuat permohonannya kepada Lembaga Kemajuan Perindustrian Malaysia (MIDA) di Kuala Lumpur. Keputusan permohonan syarikat akan dikeluarkan oleh Bahagian Analisa Cukai, Perbendaharaan berdasarkan perakuan MIDA.
- ii) Syarikat pengilang di PCA yang ingin mendapat pengecualian duti import ke atas barangan perantaraan sebagai bahan mentah, komponen, mesin dan peralatan hendaklah memohon ke MIDA di Kuala Lumpur. Keputusan permohonan syarikat akan dikeluarkan oleh Bahagian Analisa Cukai, Perbendaharaan berdasarkan perakuan MIDA.
- iii) Syarikat yang ingin membayar duti import pada kadar bersamaan CEPT hendaklah mengemukakan permohonan terus kepada Pengarah Bahagian Kastam, Ibu Pejabat Kastam dan Eksais Diraja, Kuala Lumpur. Bagi maksud ini, YAB Menteri Kewangan telah bersetuju memberikan kuasa kepada Jabatan Kastam untuk melaksanakan keputusan tersebut.

6. Sila ambil perhatian bahawa dasar percukaian seperti di atas tidak meliputi syarikat LMW/FIZ yang mengeluarkan barangan pengguna dan barangan perantaraan dalam industri pembuatan rokok, minuman keras dan kenderaan bermotor. Pertimbangan bagi industri ini akan dibuat secara berasingan oleh Perbendaharaan.

i) Barangan Pengguna

Permohonan hendaklah dibuat oleh syarikat LMW/FIZ (syarikat penjual) kepada Lembaga Kemajuan Perindustrian Malaysia (MIDA) di Kuala Lumpur bagi mendapatkan surat pengesahan barangan itu tidak ada dikeluarkan oleh syarikat PCA. Keputusan permohonan syarikat akan dikeluarkan oleh Bahagian Analisa Cukai, Perbendaharaan berdasarkan perakuan MIDA.

ii) Barangan perantaraan

Permohonan hendaklah dibuat oleh syarikat pengilang PCA (syarikat pembeli). Syarikat hendaklah memohon kepada MIDA di Kuala Lumpur bagi mendapatkan pengecualian duti import ke atas bahan mentah/komponen, mesin dan peralatan yang hendak dibeli daripada syarikat LMW/FIZ. Keputusan permohonan syarikat akan dikeluarkan oleh Bahagian Analisa Cukai, Perbendaharaan. Prosidur ini adalah sama dengan prosidur yang diamalkan sekarang oleh MIDA dalam memproses permohonan pengecualian duti import ke atas bahan mentah/komponen, mesin dan peralatan.

iii) Barangan pengguna dan perantaraan

Pemohon yang ingin membayar duti import pada kadar bersamaan CEPT hendaklah mengemukakan permohonannya terus kepada Pengarah Bahagian Kastam, Ibu Pejabat Kastam & Eksais Diraja, Kuala Lumpur. Bagi maksud ini, YAB Menteri Kewangan telah bersetuju memberikan kuasa kepada Jabatan Kastam untuk melaksanakan keputusan tersebut.

Sekian, terima kasih.

" BERKHIDMAT UNTUK NEGARA "

Saya yang menurut perintah,

(ITHNIN BIN HAJI HASSAN)
Bahagian Analisa Cukai,
b.p. Ketua Setiausaha Perbendaharaan.
