What is MyCoID

- A single source of reference for registration and transaction purposes with other relevant Government agencies.
- The number is derived from the **companies' incorporation number** assigned by the Companies Commission of Malaysia (SSM)

History of MyCoID

- The development of MyCoID started upon idea for single reference number mooted by PEMUDAH in January 2007.
- A task force headed by MOF with committee comprise of SSM, IRB, EPF, SOCSO, HRDF and Royal Malaysia Customs Department.
- After deliberation, the task force agreed to use **companies' incorporation number** as the single reference number.

Background Information On The World Bank's Doing Business Series

Economies are ranked on their ease of doing business, from 1 – 183, with first place being the best. A high ranking on the ease of doing business index means the regulatory environment is conducive to the operation of business. This index averages the country's percentile rankings on 10 topics, made up of a variety of indicators, giving equal weight to each topic. The rankings are from the *Doing Business 2010* report, covering the period June 2008 through May 2009.
